

KTCN COLLECTION

Katharina Tinnacher

Christoph Neumeister

Partners in life and in passion, Katharina and Christoph each lead one of Austria's top wineries — Katharina at Weingut LacknerTinnacher in Südsteiermark, Christoph at Weingut Neumeister in Vulkanland Steiermark. Sharing a commitment to organic viticulture, craftsmanship, and respect for nature, they combine their expertise to create colorful wines with complex aromas, natural freshness and unique taste.

Sauvignon Blow

Handcrafted, natural, organic, unfined, unfiltered Sauvignon Blanc of steep vineyards from Steiermark.

Raised by the Wind

A co-production by Katharina Tinnacher and Christoph Neumeister. Grapes from cooler, late-ripening vineyard parcels are used to produce a Sauvignon Blanc that is low in sugar, high in acidity, yet fully ripe and aromatic. The result is a vibrant, cool-climate wine full of freshness and character.

Harvested by Hand

Grapes are carefully hand-picked, followed by a short maceration on the skins (up to 12 hours) and gentle pressing. Fermentation occurs spontaneously, followed by malolactic fermentation. The wine ages six months on full lees, then six more on fine lees. Bottling takes place without fining or filtration, relying solely on natural sedimentation through gravity. A minimal dose of sulfur is added just before bottling; total sulfur remains below 50 mg/L.

United by KT & CN to Blow Your Mind

Inspired by the classic Sauvignon Blancs of the 1980s — but made in a natural way. Fresh, juicy, acidic, slightly grassy, linear, mineralic, yet always enjoyable and thirst-quenching.

The Label is a visual echo of Steiermark's shifting weather and the constant wind across the hilly vineyards.

Facts

Vintage 2023

organic wine, AT-BIO-402

12 % Vol., dry, 6,6 gr total acidity. 2,0 gr res. sugar.

0,75 L Bouteille with Diam-cork Steirerland - Wein aus Österreich
